IMPORTANT 4TH OF JULY INFORMATION!!

The 4th of July is just around the corner and with that street closures are imminent. During the 4th of July we have a 5K Fun Run, Parade and a Firework show. Listed below is a schedule of the street closures.

At 7:00 a.m. on July 4, 2009 streets associated with the Antioch's 5K Run for Freedom will be blocked off. All traffic west of Main Street will be stopped in multiple locations. If you live or will be using these areas we ask that you restrict your driving from 7:00-9:30 am on these streets: *Cunningham Drive, Poplar Avenue, Hillside Avenue, North Avenue, Summerlyn Lane, Tiffany Farms Road, Tiffany Road, Wood Creek Drive, Indian Ridge Drive, and Ridgewood Drive.*

The 2009 Big Parade will be starting at 10:00 am on July 4. Main Street (Rte 83) will be closed to all thru traffic from Rte 173 to North Avenue for approximately 2 hours and should re-open at 12 noon. All residents are asked to use Tiffany Road and or Deep Lake to travel North or South through Antioch.

For the Fireworks the Orchard Street Extension (from Main Street to Depot Street) along with Depot Street (from the Orchard Street Extension to Anita Avenue) will be closed to all traffic from 8p.m. till 11:00p.m.

We apologize for any inconvenience this may cause and we appreciate your cooperation to make the great event incident free. For a map of road closures, please visit our website antioch.il.gov.

SPIRIT OF AMERICA PARADE

This year's theme is "The Spirit of America" and the Grand Marshals are Open Arms Mission. We are encouraging all to bring non-perishable items to donate and help us fill up our trucks which will in turn be donated to Open Arms Mission. We will be collecting items during the parade as well as at Williams Park throughout the day. We also will be accepting donations at Village Hall and the Parks and Recreation Department before July 4th.

VOLUNTEERS NEEDED FOR 4TH OF JULY

Attention! The Village is looking for volunteers for 4th of July to help with the parade lineup from 7:30 a.m. to 12 noon. We are also looking for teens (Jr. High to High School) to adults to help with the children's fun games from 11:30 a.m. to 3 p.m. For more information please call 847-838-4032 or email Shawn Roby at sroby@antioch.il.gov.

NEWSLETTER ALERT

The Village of Antioch is changing the way the newsletter is going to be delivered to the residents. Beginning in September 2009 the village newsletter will be available online through the village website at antioch.il.gov or we will be emailing it to those who sign up for it. All who have the ability to go online or receive email will receive it from this method.

A limited amount of newsletters will be available in various locations around the village, for those residents who don't have the ability to go online or receive email. For residents who do not use computers and also do not have the ability to pick up a copy of the newsletter, a mailing list will be available to ensure delivery of the monthly newsletter as you currently receive it.

In the August newsletter instruction will be given for all cases listed above as well as other details pertaining to the newsletter. We are still finalizing the processes for signing up for our email and mailing lists.

JULY NEWS

Please join us this year on Saturday, July 4th for our old-fashioned hometown Independence Day Celebration! The day will kick off with the annual 5 K Run For Freedom which will begin at 8:00 a.m. Then gather on Main St. to observe the Big Parade which will begin at 10:00 a.m. This year's theme is "Spirit of America" with Grand Marshall's: Open Arms Mission. Immediately following the parade at Williams Park is the Children's Fun Fair, Sports Tournaments, 25 cent swimming from noon – 8 p.m. at the Antioch Aqua Center and great food supplied by area organizations. During the evening, from 4:00 p.m. till dusk, we will have musical entertainment by Third Stall, Dixie Dudes and the Lakes Area Community Band and Community Chorus. At dusk we cap off the day with a fabulous display of fireworks. See further details inside this newsletter.

Mark your calendars for Antioch's Taste of Summer on July 16th – 19th to enjoy the Chamber of Commerce's four day summer festival. This year's Taste will feature great food and entertainment, street sales throughout downtown and the carnival. See inside for details on this exciting event! In addition to that, we have our It's Thursday Concert Series and Farmers Market. Admission is free. Check the schedule inside to see the exciting line up of entertainment each week. The month of July is always bursting with exciting summer events in Antioch!

Congratulations to the new 2009 Antioch Queens that were crowned on Saturday, June 20th at ACHS. The winners are as follows: Miss Antioch – Emily Ortiz, Jr. Miss Antioch – Alexis Gross, and Little Miss Antioch - Marja Lalley.

Park and Pool Rentals: Are you looking for a place to hold a family reunion, birthday party or graduation party this summer? Antioch Parks & Recreation offers pavilion rentals from April – September at many of our most popular parks and pool rentals at the Antioch Aqua Center June – August. Reservations must be made in person at the Parks Office at 806 Holbek Dr. Fees and paperwork must be received at least two weeks prior to the date of the event. Call the parks office at 847-395-2160 for fee information, park locations rental policy or to check on available dates. Pavilion Rentals are located at Williams Park, Centennial Park and Pedersen Park. The Saw Mill can also be reserved for wedding ceremonies and photos. (Antioch non-profit organizations will not be charged a pavilion rental fee on weekdays).

TIME FOR ME TWO CLASSES: Registration for our Time For Me Two Classes will begin on August 3rd. Time For Me Two is a Parent/Tot Program for 2 and 3 year olds. Child must be 2 by September 1, 2009. This class is a unique experience between a parent/guardian and child. Classes are an hour and a half, once a week on Friday mornings. In class your child will learn to play with children their own age while experiencing a semi-structured class schedule which will prepare them for future pre-school classes. Children will experience many age appropriate activities in social playtime, music, art projects, show and tell and story time. Classes are filled on a first come first serve basis. Parents will sign up for a snack day in class. Class will begin on Friday, September 25th and run through the beginning of May, 2010. You will be informed of the start of each new session and payment is due in full the FIRST DAY or sooner. Your child is automatically enrolled into the next session, unless you inform us otherwise. If you fail to make payment on or before the first day

of each new session, your child's slot in the program may be given to someone on our waiting list. Payment sessions are every 7 weeks. Classes are held at the Scout House at 770 Cunningham Dr. with Miss Laura. Time: 9:00 – 10:30. Min/Max: 8/15. Session Fee: \$65/75

Please check the back page of this newsletter to see all the **upcoming programs** for July and August. **Please register at least one week before the start date, if possible to avoid cancellation of class.** You may register at the Parks Office at 806 Holbek Dr. or mail your registration form with your check. Full program guides are available at the Parks Office, Village Hall or on-line at www.antioch.il.gov.

SIX FLAGS GREAT AMERICA TICKETS

As a community service, Six Flags Great America tickets can once again be purchased at the Parks and Recreation Office at 806 Holbek Dr. The Parks Office will sell General Admission 1-Day tickets at a cost of \$32.50 (savings of \$24.14). Individual Season Passes are available for \$72.10 which is about a \$16.00 savings from last year's discounted price. Children 2 and under are free. The Parks Office will accept **CASH ONLY** for these tickets. This is a great way to avoid the long ticket lines at the park as well as a great savings! Call 847-395-2160 for more details.

ROCK RUMBLE 2009

The final teen event "Rock Rumble" begins on Friday, July 24 at 6:30 p.m. with round 1 at the bandshell. This event features teen bands from the local and regional area competing in a battle of the bands format. Rounds 1 & 2 will be July 24 and 31st respectively and each week there will be four bands competing for one finals slot.

The finals will begin on August 7th at 6:30 p.m. and feature the winners of round 1 & 2. Also as part of the finals we will have top regional band Bellevue Suite out of Milwaukee headlining the night.

FATHER SON MILK JUG BOAT REGATTA

On July 11th the Village of Antioch along with Northbridge Church will be holding the 2nd Annual Father Son Mild Jug Boat Regatta. This event will be held at Pedersen Park from 10:00-2:00 p.m. The cost will be \$25 and includes all building materials and lunch. You must bring your own building tools. Substitute Dads are welcome. If you have any other questions please call 847-838-4032.

TEEN MUSIC IN THE PARK

The final installment of Teen Music in the Park is Friday, July 10. This is for all of our young people to have a place where they can go and socialize together and make new friends. Teen Music in the Park will take place in Williams Park under the pavilion on Friday nights from 6:30 p.m. till 9:30 p.m. We will have music by G-Town DJ's as well refreshments for sale. If you have any questions please contact special events at 847-838-4032.

SPECIAL EVENT REMINDER!

The Orchard Street Extension, from Main Street to Depot Street will be closed on July 15-20 for Antioch's Taste of Summer. Skidmore Drive will also be closed from Orchard Street to the last driveway out of the parking lot behind BJ's Fashion Store for Men. Business people, tenants and deliveries will use Park Avenue to enter the access road from Skidmore Drive, Depot Street and Anita Street can be used as alternative routes. Please be patient and remember, this event does benefit Antioch.

SPECIAL EVENT VOLUNTEERS

The Village of Antioch's Parks & Recreation Special Events Department is looking for volunteers who would be interested in helping with events throughout the year. We would like to locate approximately 100 volunteers so that throughout the year you may only work 2 events for a couple of hours. We are looking for people who can help with activities like lining up parade participants and setup for events like the Daddy Daughter Dance and much more!

If you have any questions or are interested please contact Shawn Roby at 847-838-4032 or email sroby@antioch.il.gov.

GREEN ADVISORY COMMITTEE

The Mayor of Antioch is pleased to announce the establishment of the Green Advisory Committee (GAC). The Green Advisory Committee is a council-appointed committee whose responsibilities include reviewing and recommending ecologically beneficial initiatives to the Council for its consideration. Their mission, through research, examination, and evaluation, is to develop and recommend policies and practices to the Village Board that will allow the Village and its residents to successfully create environmentally sustainable lifestyles.

The Green Advisory Committee envisions an Antioch that is a model for the success of cooperative efforts and sustainable results among residents, businesses, and government to create an environment in which environmental concerns are continually being addressed through education, research, planning, and partnerships. If you are interested in being a member of this committee please write a letter explaining your interest and qualifications. All letters will be accepted at Village Hall (874 Main Street) for further information please call 847-395-1000 or email them to crowe@antioch.il.gov with subject line GAC.

CHILD SAFETY SEAT CHECKS

The Antioch Fire Department is now offering free child safety seat checks. For more information, call the Antioch Fire Department at 847-395-5511.

EMERALD ASH BORER

The Emerald Ash Borer is a small metallic green beetle native to Asia that hatch in the ash tree, causing dieback and death. The most visible sign of infestation is crown dieback. Branches at the top of the crown will die and more branches will die in subsequent years. If you think you have an Emerald Ash Borer you may call 1-866-322-4512 or visit <http://www.emeraldashborer.info/> or <http://na.fs.fed.us/fhp/eab/> for more information.

ATTENTION FUTURE POOL OWNERS

Village of Antioch residents, please contact the Building Department BEFORE you purchase a swimming pool. Supplements with installation, electrical and placement requirements are available at the Building Dept. located at 882 Main St. Also, any pool whether temporary or storable which is 24 inches or more in depth also requires a permit. Any questions, please call 847-395-9462

ANTIOCH POLICE DEPARTMENT ON FIREWORKS

A brief word concerning fireworks:

- Fireworks are illegal. Antioch Village Ordinances prohibit the use, sale or possession of Fireworks within Village limits.
- In addition to being illegal, people at times underestimate the dangers of fireworks.
- One out of every three fireworks injuries is to the eyes.
- One out of every four fireworks injury to the eye results in some type of permanent blindness.
- Illegal fireworks often find their way into the hands of children.
- Fireworks are illegal even if the calendar says it is July 4th.
- It is best to leave fireworks displays in the hands of the licensed professional.
- Remember, the laws in Illinois do not change over the July 4 holiday or for any other holiday. In other words, fireworks are no more legal on these dates than they are at other times of the year. The Antioch Police Department stresses that all complaints of fireworks are thoroughly investigated. If someone is found to be in violation, the items in question will be confiscated and the person(s) involved will be arrested and/or charged when appropriate. This applies to both adults and minors alike.

As always the Antioch Police Department would like to wish all residents a wonderful and safe 4th of July. If you have any questions regarding fireworks safety and laws please feel free to contact us on our non emergency phone number (847)-395-8585.

PHOSPHORUS BAN

Last year the Village Board of Trustees passed an ordinance banning the use of fertilizer containing phosphorus within Village Limits in order to limit the concentration of phosphorus in the Village's lakes, rivers and streams. Wherever fertilizer is sold within village limits, a sign must be posted that reads "The Village of Antioch prohibits the application of fertilizer containing phosphorus to a lawn or turf area and any impervious surface, drainage way, wetland or buffer zone". Please be sure when you purchase fertilizer that it does not contain phosphorus.

MOSQUITO CONTROL

Clarke Mosquito will be spraying the area again this year. For notification, to report standing water concerns, or for additional information please contact Clarke Mosquito's toll free hotline at 800-942-2555. Information is also available on their website at www.clarkemosquito.co

TAKE PRECAUTIONS AGAINST H1N1 INFLUENZA

Now that the World Health Organization (WHO) has raised the level of influenza pandemic alert to Phase 6 and officially declared a flu pandemic, the Lake County Health Department/Community Health Center continues to remind residents to take precautions against the flu.

"This declaration reminds us that flu viruses like H1N1 need to be taken seriously," said the Health Department's Executive Director Irene Pierce. "We normally don't think of taking precautions against the flu in the summer time, but it is important to take everyday steps to protect your health and lessen the spread of this new virus. Particularly, summer camps and other places where children gather should be extra vigilant this summer."

Individuals have an important role in protecting themselves and their families. Prevention actions to stop the spread of germs include frequent hand washing, covering your cough or sneeze and staying home if you are sick to limit further spread of the disease. If you are sick with a flu-like illness, stay home for seven days after your symptoms begin or until you have been symptom-free for 24 hours, whichever is longer. Symptoms of H1N1 flu include fever, cough, sore throat, body aches, headache, chills and fatigue. Some people have reported diarrhea and vomiting as well.

As of June 12, 193 confirmed cases of H1N1 virus have been reported in Lake County. Nine of these people have been hospitalized and one individual has died. While most cases of this illness are mild, pregnant women and individuals with chronic medical conditions, such as asthma, heart disease, lung disease or diabetes, should contact a health care professional about treatment if they think they have the flu.

The Health Department continues to work with its counterparts and stakeholders to control the disease. It continues to participate in statewide surveillance and case investigation. The Department is also preparing for a possible pandemic immunization campaign.

The Department has activated an H1N1 flu hotline for county residents to obtain more information on the flu, including the signs and symptoms and how to remain healthy. The hotline number is: (847) 377-8350. Information is provided in both English and Spanish.

Additional information is available from the Centers for Disease Control in English: <http://www.cdc.gov/h1n1flu/> or in Spanish: <http://www.cdc.gov/h1n1flu/espanol/> and from the Illinois Department of Public Health: <http://www.idph.state.il.us/>.

The change in pandemic alert level reflects greater geographic spread and does not reflect any change in influenza severity. For more information on pandemic alert levels, visit the Health Department's web site at: www.lakecountyl.gov/health.

LIGHTNING DETECTION SYSTEM

Lightning causes an average of 80 fatalities and 300 injuries each year. Lightning occurs in all thunderstorms; each year lightning strikes the Earth 20 million times. The energy from one lightning flash could light a 100-watt light bulb for more than 3 months.

Most lightning fatalities and injuries occur when people are caught outdoors in the summer months during the afternoon and evening. Lightning can occur from cloud-to-cloud, within a cloud, cloud-to-ground, or cloud-to-air. Many fires in the western United States and Alaska are started by lightning. The air near a lightning strike is heated to 50,000°F. The rapid heating and cooling of the air near the lightning channel causes a shock wave that results in thunder.

How far away is the Thunderstorm?

- Count the number of seconds between a flash of lightning and the next clap of thunder.
- Divide this number by 5 to determine the distance to the lightning in miles.

Why are we telling you all of this?

The Village of Antioch Parks Department purchased a system that will help pre-warn people participating in our parks of lightning nearing the area.

Currently three notification systems are in place and operational. They are located at Williams Park, Centennial Park and Pedersen Park. Park patrons and nearby residents will hear a warning siren when lightning is detected within 10 miles of the sensor equipment (located on top of the Village Hall). If the sensor equipment goes for a period of time (typically 30 minutes) without sensing additional lightning, an all clear siren will be activated. The system will be activated between 8 AM until 9 PM, throughout the summer and early fall. This can be changed based on actual park activities.

LAWN WATERING AND SPRINKLER REGULATIONS

Village ordinance restricts exterior water usage during the high-demand summer months. The restrictions will help ensure adequate water pressure for fire safety and Antioch residents.

Between June 1 and September 15, exterior water use will be restricted as follows:

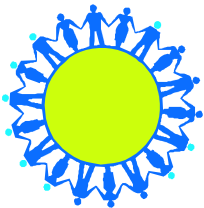

- On even-numbered calendar days, even-numbered addresses may engage in exterior water use for all purposes; except between 6:00 a.m. and 8:00 p.m. where exterior water use is prohibited.
- On odd-numbered calendar days, odd-numbered addresses may engage in exterior water use for all purposes; except between 6:00 a.m. and 8:00 p.m. where exterior water use is prohibited.
- Garden hose use shall be permitted at all times for the purposes of washing cars and watering of individual plants provided a shutoff nozzle is utilized which prevents the continual discharge of water from the hose.

The owner, owners or any person or persons that are in actual control of the premises where a violation of this Chapter has occurred shall be fined as follows:

- First violation in one calendar year: Written warning, no fine;
- Second violation in one calendar year: \$50 Fine
- Third and each subsequent violation in one calendar year: \$100 fine;
- Each and every day that a violation occurs shall constitute a separate offense.

If you have any questions, please contact the Village of Antioch Public Works Department at 847-395-1881.

COMMUNITY SERVICES & EVENTS

FRIENDS OF THE WETLANDS

The Friends of the Wetlands are holding their monthly meeting on July 18, 2009 at 9 a.m. We will be meeting down at William E. Brook Wetland and doing work so dress appropriately.

SHAREFEST 2009 IS COMING SOON!

ShareFest is an annual event in which numerous churches and organizations in the Lake County, IL area unite to serve the community. On October 3, we will be assisting our Senior Citizen and Disabled community in Antioch, Lake Villa, and Lindenhurst. We seek seniors (55 and older) who are in need of various home assistance efforts. For example, we are able to complete:

- Yard work
- Gutter and window cleaning
- Weather stripping
- Window insulation
- Storm window installation
- Battery replacement in smoke detectors
- Light bulb replacement
- Heavy object removal/relocation
- Light housecleaning
- Basic painting
- Portable air conditioning unit removal or covering
- Furnace filter replacement
- Minor roof repair
- Minor construction projects

To sign up or learn more, please contact Kacey Stevens at 847-772-2057. Or feel free to learn more about us at www.sharefest.net.

ACE HARDWARE RECYCLING

Our Ace Hardware stores are offering, as a service to our communities, free recycling of household batteries, cell phones and compact fluorescent bulbs. We also offer recycling of latex paint, at a nominal charge, through Earth Paints Collection Systems. The residents of Antioch would be invited to bring these recyclable items to either the Gurnee Ace at 4806 Grand Ave. or the Round Lake Ace at 659 W. Railroad Ave.

OAM FOOD PANTRY THANKS COMMUNITY

Open Arms Mission Food Pantry has received substantial financial support over the past 6 months through local fund raisers sponsored by community members. The proceeds from these fundraisers have been used to provide food to neighbors struggling with financial instability.

Thanks to John "Bam Bam" Van Dien and Feed the Hungry held at High Roller in 2008; Doug Simon and his family, sponsors of a Valentine's Day Fund Raiser at Lake Villa VFW; Antioch Wal-Mart employees who sponsored a Classic Car Show in May; Mars & Mosley who sponsored a Motorcycle Run in May at Dry Dock and thanks to Antioch Chrysler Dodge Jeep, Kunes Country Ford and Raymond Chevrolet who donated proceeds from their Annual Nostalgia Auto Show in June.

Their efforts collectively raised enough money to purchase more than 110,000 lbs of food, a testament to "neighbor helping neighbor."

"Everyone's time and effort is greatly appreciated," said Marytherese Ambacher, executive director of Open Arms Mission. Open Arms Mission is a holistic community organization providing daily living necessities while encouraging self sufficiency for individuals and families in need in Antioch, Lake Villa and Lindenhurst. You can make an online donation through the website at www.openarmsmission.org.

OPEN ARMS MISSION SEEKS VOLUNTEERS TO HELP WITH SPECIAL TASKS

Open Arms Mission, a non-profit community outreach organization providing assistance to Antioch and Lake Villa township residents, is looking for volunteers to help with specific tasks.

The OAM food pantry at 1548 S. Main St. is open three days every week. Volunteers distribute food and other necessities to residents in need.

"Our main focus is to meet the needs of our neighbors through weekly distribution of food and daily necessities. We are also here to listen and determine if we can assist or refer for any additional needs," said Executive Director Marytherese Ambacher.

OAM is looking for volunteers willing to help residents with budget counseling and searching and preparing for a job, as well as serving as health care/prescription coordinator, intake coordinator, coordinating special programs and helping with marketing and office work.

For more information about these specific tasks, visit the OAM website, www.openarmsmission.org/volunteer or contact Ambacher, 847-395-0309.

FINE ARTS FOUNDATION CALLING ALL ARTISTS!

The Antioch Fine Arts Foundation is opening up entry into our annual "Art-on-the-Lawn" to non-members. The date this year is Sunday, July 19th from 9-3pm. For more information call Laura Rodgers at 847-265-0572.

FINE ARTS FOUNDATION ART-ON-THE-LAWN

The Antioch Fine Arts Foundation (AFAF) is proud to present our 5th annual Art-on-the-Lawn on Sunday, July 19th from 9am-3pm. Tents will be up with artists showing off their talents and wares on the Lakes Region Historical Society's and AFAF's grounds at 983 Main Street, Antioch, Illinois.

This event has become ever-more popular with over sixteen artist-members attending last year. Artists proficient in Oil, watercolor and acrylic, pottery, yard art, porcelain artists, jewelry makers, botanical art and paper making, encaustic and stained glass. Dairy Queen discount coupons and children's face painting have also been added enhancements contributing to its success. This event is held during "Taste of Antioch" and is a short walk or ride over to complete your fun-filled family day.

This year's event is still in the planning process therefore more information will be forthcoming. If you are an artist and would be interested in setting up a tent at this event, call Laura Rodgers at 847-265-0572. We have room and you are welcome!

FINE ARTS FOUNDATION ARTIST

Barbara Wagner and Laura Rodgers are the featured White Room artists for July at Antioch Fine Arts Foundation (AFAF). AFAF is a not-for-profit organization active in promoting the visual arts in and around Lake County Illinois.

Barbara Wagner is well known for her European folk art from Norway, Russia, Germany and the Netherlands. Barb will be exhibiting this same style, self-taught through books over the years, on wood and metal objects like letter boxes, metal canisters, plates, baskets, and serving trays. Also on display, for the first time at AFAF, will be fine art images embellished on furniture and accessories such as small tables, chests, trunks, cabinets, a 32" window cornice, a 30" square game table and a 28" square folding fireplace screen on legs. Barbara has a working studio "The Wooden Canvas" where she also teaches several classes a week to students ranging from 12 to 82. Along with Folk Art, Barbara also teaches "grisaille" or value painting where the work is done in black and white before finishing it in color. New students are always welcome.

Laura Rodgers became affiliated with AFAF through our Art-on-the-Lawn showcasing her primarily her one-of-a-kind jewelry collection of bracelets, necklaces, earrings and broaches. Laura's last show in the White Room exposed her artistic talents using mosaics and gourds into whimsical, functional pieces. This July she is uncovering her "found object collection." This collection of "uniquely Laura jewelry" uses oddly disconnected, found, old items mixed with her signature fossils, and semi-precious stones. The 3D mosaic artworks are on vases, lamps, chairs, finials, mirrors and gourds exhibit her flair in creating a desired image with the inherent color and design of the stained glass as an artist uses paint. Laura will be competing at the Illinois State Gourd Festival at the Chicago Botanical Gourd Show on September 12th and 13th.

An artist's reception with refreshments being served will be held on Friday, July 10th from 6-9pm. at The Gallery, located at 983 Main Street, downtown Antioch, Illinois. This mostly 3D show should have the White Room bursting at the seams with uniquely functional and fun art. Annual Water Quality Report for the period of January 1 to December 31, 2008

The source of drinking water used by
ANTIOCH is Ground Water

Name: Dave Hanson

Phone: 847-395-1881

Este informe contiene información muy importante sobre el agua que usted bebe. Tradúscalo ó hable con alguien que lo entienda bien.

This report is intended to provide you with important information about your drinking water and the efforts made by the water system to provide safe drinking water.

Source of Drinking Water	Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline at (800) 426-4791.
The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.	Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the USEPA's Safe Drinking Water Hotline (800-426-4791).
Contaminants that may be present in source water include:	In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water which must provide the same protection for public health.
- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.	
- Inorganic contaminants, such as salts and metals, which can be naturally-occurring or result from urban storm water runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.	
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban storm water runoff, and residential uses.	
- Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban storm water runoff, and septic systems.	
- Radioactive contaminants, which can be naturally-occurring or be the result of oil and gas production and mining activities.

Source Water Assessment

We want our valued customers to be informed about their water quality. If you would like to learn more, please feel welcome to attend any of our regularly scheduled meetings. Village Board meetings are held at 7:30 p.m. on the first and third Monday's of the month in the Municipal Building Board Room: 874 Main Street, Antioch, IL. Visit <http://www.antioch.il.gov/villboard.html> for more information. The source water assessment for our supply has been completed by the Illinois EPA. If you would like a copy of this information, please stop by Village Hall or call Dave Hanson, water operator at 815-335-1531. To view a summary version of the completed Source Water Assessment, including: Importance of Source Water; Susceptibility to Contamination Determination; and documentation/recommendation of Source Water Protection Efforts, you may access the Illinois EPA website at <http://www.epa.state.il.us/cgi-bin/vp/swap-fact-sheet6.ppt>.

Based on information obtained in a Well Site Survey published in 1990 by the Illinois EPA, sixty-two potential sources or possible problem sites were identified within the survey area of Antioch's wells. Furthermore, information provided by the Leaking Underground Storage Tank and Remedial Action Management Sections of the Illinois EPA indicated several additional sites with ongoing remediation which may be of concern. The Illinois EPA has determined that the Antioch's wells #1, #2, #3, #5 and #6 source water is not susceptible to contamination. However, the source water obtained from Well #7 is susceptible to contamination. This determination is based on a number of criteria including: monitoring conducted at the wells; monitoring conducted at the entry point to the distribution system; and the available hydrogeologic data on the wells.

2008 Regulated Contaminants Detected

Coliform Bacteria

Maximum Contaminant Level Goal	Total Coliform Maximum	Highest No. of Positive	Fecal Coliform or E. Coli Maximum Contaminant Level	Total No. of Positive E. Coli or Fecal Coliform Samples	Violation	Likely Source of Contamination
0	1 positive monthly sample.	1	Fecal Coliform or E. Coli MCL: A routine sample and a repeat sample are total coliform positive, and one is also fecal coliform or E. coli positive.	1	N	Naturally present in the environment.

Lead and Copper

Definitions:
Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
---- If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. We are responsible for providing high quality drinking water, but we cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline at: <http://www.epa.gov/safewater/lead>. ----
Action Level Goal (ALG): The level of a contaminant in drinking water below which there is no known or expected risk to health. ALGs allow for a margin of safety.

Lead and Copper	Date Sampled	MCLG	Action Level (AL)	90th Percentile	# Sites Over AL	Units	Violation	Likely Source of Contamination
Copper	2008	1.3	1.3	0.469	0	ppm	N	Erosion of natural deposits; Leaching from wood preservatives; Corrosion of household plumbing systems.
Lead	2008	0	15	12	1	ppb	N	Corrosion of household plumbing systems; Erosion of natural deposits.

Water Quality Test Results

Maximum Contaminant Level Goal or MCLG: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Water Quality Test Results

Maximum Contaminant Level or MCL: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum residual disinfectant level goal or MRDLG: The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

Maximum residual disinfectant level or MRDL: The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

ppm: milligrams per liter or parts per million - or one ounce in 7,350 gallons of water.

ppb: micrograms per liter or parts per billion - or one ounce in 7,350,000 gallons of water.

na: not applicable.

Avg: Regulatory compliance with some MCLs are based on running annual average of monthly samples.

Definitions: The following tables contain scientific terms and measures, some of which may require explanation.
